**President's Message**

February 20, 2018

Hello Everyone:

Looked at the calendar this morning and realized that March is next week. What happened to February, what a short quick month?

Following our February meeting we had our annual Valentines Luncheon at Papa Vito's in Millstadt. We pretty much had a full house and everyone had a great time. Thanks to Valerie and Dale Zeisset and Ruth

and Randy Howard for sponsoring their 4<sup>th</sup> Valentine's day lunch. This week we have the Retiree's lunch at Rosalita's Cantina on Manchester Road, sponsored by Barb and Ken Payne. In March, Mary and Rick Doerr will sponsor the Retiree's lunch at Maggie Obrien's.

We need your help; looking for a volunteer to take over the monthly Newsletter when Jerry tells us he wants to stop. We have lots of talented people with good computer skills that could do this and Jerry has a format you could possibly follow all set up. Our club runs on volunteers, your board serves voluntarily, all committee members are volunteers, and our web master is a volunteer and the same with Face Book. It does take a small amount of your time but it's worth it, we have a very active club with a full membership. So think about it and if you have a little extra time and want a fun project that makes a difference, let us know.

I have it on good authority that it really is going to get warmer, every day will get a little longer and we will have more time to drive our babies in warmer temperatures.

Well that's about it for February, looking forward to seeing you all March 6<sup>th</sup> at Grand Slam!!!

Save the Wave

This includes 2 membership cards, 2 lapel pins, the American Sports Car magazine, free admission to the museum for a member and immediate family, 10% off NCM merchandise, discount to sponsored events at the museum, discount on car insurance and also hotel accommodations and car rentals. Ray asked the membership if anyone would like to volunteer for this position. After no response Ray posed the question to Mike Kuntz to see if he would be

interested in volunteering. He said he would consider it.

#### Website Report:

Steve Kirby gave the website report. Everything is up to date but he mentioned he needs pictures from the Christmas Party and the Price's 12 Days of Christmas Party. Ruth Howard had a suggestion that anyone who sponsors an event needs to take photos to send to Steve. Steve also mentioned that people tend to post pictures on Facebook but not everyone is on this, so it is best to send them to him. He is working on downloading pictures from FB but has to figure out how to do this. The best method is to copy pictures on a USB and send or hand deliver this to him. If you text pictures to him only send 2 at a time. He is also looking into several other options to make the process easier.

#### Elco Report:

Mark Gerecke presented the sponsor's Report. He thanked 2 members of the club for their new vehicle purchases. Mark also has the last 2017 collector's edition corvette that they need to sell. It is a Watkins Gray with Tension Blue interior, loaded and is numbered. They are finished with 2018 models and are ordering 2019.

#### Committee Reports:

Ray Queen announced that at the transition meeting in January the budget committee was asked to be a part this so that we are in agreement as to what the club is spending for the year. Don Pickles of the committee gave the report of what was discussed by Randy Howard, Rick Doerr and himself. The committee along with the board reviewed 2017's budget and together came up with a plan. It was agreed that the club needed to spend down some of the excess funds in the account by benefiting the majority of the members. This includes doubling the monthly attendance prizes which was about \$250.00, have the club subsidize the Christmas Party by adding an extra \$1500.00 into

the budget for club activities. It was also decided to add a line item into the budget for charitable events such as the Alzheimer's and ALS Walk and to allot \$300.00 for this since that is what the club spent last year. Miscellaneous expenses were also discussed. Don asked for a motion to accept the budget report. Ruth Howard made a motion to accept and Ken Payne 2<sup>nd</sup> the motion. Motion was then accepted.

Charity Committee- Michelle Finn was absent. No report given.

Parade Committee- Marty Dooley gave the report since Rick Frierdich was absent. He discussed the topic of the flags for the parades. These are displayed for the 4<sup>th</sup> of July and Veterans Day Parade. The American flags and also service flags are displayed in the parades. These vary depending on the generation of your car and if it is a convertible or coupe. These could be purchased individually but if a group wants to purchase these, it would be more economical. The best price for these are through Flag Caddy.

VA Hospital- Marty Dooley reported no new news.

Rick & Mary Doerr will host the March Retiree's Luncheon. Details to follow.

## Committee Reports

### National Corvette Museum

Here is a picture of our club banner that hangs outside of the National Corvette Museum. Our club has supported the museum for years by purchasing a parking lot banner, which hangs in the parking lot for 1 year. To help offset the purchase price of the banner, we will be selling raffle tickets (\$5.00 each) from now till the August meeting. At the Labor Day Event at the NCM a new banner is hung and we will receive the old banner which we will draw a winner at the September meeting. So help support our club and the NCM with the purchase of a raffle ticket for this banner.

**FUNDRAISING ACHIEVEMENTS**  

Members of the St. Louis Corvette Club are driving to raise funds to support St. Jude Children's Research Hospital's lifesaving mission of finding cures for children battling cancer and other life-threatening diseases, and I need your help to reach my fundraising goal.

How your donation helps:

- Families never receive a bill from St. Jude for treatment, travel, housing or food — because all a family should worry about is helping their child live.
- Treatments invented at St. Jude have helped push the overall childhood cancer survival rate from 20% to more than 80% since it opened more than 50 years ago. We won't stop until no child dies from cancer.
- St. Jude Children's Research Hospital is leading the way the world understands, treats and defeats childhood cancer and other life-threatening diseases. St. Jude freely shares the discoveries it makes, and every child saved at St. Jude means doctors and scientists worldwide can use that knowledge to save thousands more children.

Thank you for your support! Together we can help St. Jude change the world.

# WHAT is PRISMS??

PRISMS is the acronym for Parents and Researchers interested in Smith-Magenis Syndrome (SMS)

Summary:

Smith-Magenis syndrome (SMS) is a complex developmental disorder that affects multiple organ systems of the body. The disorder is characterized by a pattern of abnormalities present at birth (congenital) as well as behavioral and cognitive problems.

Common symptoms include distinctive facial features, skeletal malformations, varying degrees of [intellectual disability](#), speech and motor delays, [sleep](#) disturbances, and self-injurious or attention-seeking behaviors. The specific symptoms present in each case can vary dramatically from one individual to another.

Approximately 90% of cases are caused when a portion of a chromosome is missing or deleted (monosomic). This deleted portion within chromosome 17p11.2 includes the RAI1 gene, which is believed to play a major role in the development of the disorder. Other genes within the deleted segment may also play a role in variable features in the syndrome, but it is not fully understood how significant a role they play in the development of SMS. In the remaining cases, there is no deleted material on chromosome 17; these cases are caused by mutations in the RAI1 gene.
