## Let The Summer Fun Begin!

Oh boy, oh boy! The fine weather is here and we are all ready for a summer of Corvette fun! A few of us kicked it off with a trip to Bowling Green, where we did our usual Club activities of laughing, eating, laughing, driving, laughing, learning, and did I mention laughing? Here's to a great summer!

# President's Column

Hello again everyone! Please be aware a lot of schedule changes have occurred. Keep a close eye on the website calendar. Read on...

We noticed the July Meeting was going to fall on July 3 this year. I went with the assumption that the night before the holiday would not be a well-attended meeting so the Board decided to move the meeting date if Tammy could accommodate us. So we checked with Tammy about moving the meeting to Monday, July 9. That was good to go so please be aware that the meeting has moved to that following Monday night.

Due to the construction at Elco, we have also cancelled the June 16 car show there. The big reason for the show is to draw customers in for Elco. Both our sponsors and the Board agreed that an offsite location, albeit possibly adjacent to Elco wouldn't be conducive to drawing in those customers. So we have cancelled and as of right now, will not rescheduled. We'll focus later on a great show in the fall.

Of course we still have tons of club events. I know I plan to get to as many as Vikki and I can.

I still have those STLCC Wine Glasses! Come and get 'em while they last. They're going like hotcakes. Okay, maybe not, but please buy a couple so I can quit hauling them around.

Finally, I'd like to send a shout out to Marya...Farkle!

See ya'll soon!

## A First-Time Perspective of the NCM Bash

By Sherri Marlo

Tom's & my experience at the C5/C6 Corvette Bash in Bowling Green was more than we ever expected. Being new to the Corvette family and the Club, we weren't sure what it was going to entail.

First, the bond that you form with other Corvette owners is wonderful to see, especially when you travel on a trip like this. You really get to know everyone better and have more time to enjoy one another. Then to see so many Corvettes in one place is awesome, with all the special things people do to them to make them their own.

The Corvette plant tour we took on Thursday was so educational and overwhelming, especially when I was chosen to start a new yellow 2012 off the assembly line!! They gave me a "birth certificate" and took my photo, which they e-mailed to me. It will be displayed proudly in our "garage mahal." This was certainly one of the most memorable highlights of the trip.

On Saturday several of us women attended a seminar at the museum to learn different aspects of our Corvette. It was very informative and I was surprised about how many women were involved in the design and racing of the Corvette. Marya, Amy & I took "Spirited Driving," which I think made our men a little uneasy, especially when we came back to tell them we needed a 5-point harness, neck protection and Coach driving shoes. That didn't go over too well!! Then Marya & I won attendance prizes, which was awesome!! Later that day they had a ceremony for the 60th Anniversary Corvettes with the engineers explaining different aspects of the cars; it was quite exciting! The museum is a great place to see and learn the history of the car and how proud the people were of being part of this American icon.

I have to say the trip was a great experience and also mention how wonderful our Club family was to take us under their wings and show us such a great time. Thanks!!

### Sponsor’s Report

**Mark Gerecke** said production of the 2013 starts May 7. Production of the 60<sup>th</sup> anniversary model will start a little later. He distributed a variety of information sheets. Said construction is underway and that the “pool” will soon be filled in! Will do barbecue at the June car show. The next car show will be November 3. **Eric DeBruin** said they have a shortage of used cars and need trade-ins! They have a few older Corvettes in their inventory.

### Old Business

**Kevin Bayliss** still has club wine glasses available for sale at \$5 each. “Discount” prices of 2/\$10 or 3/\$15!

### New Business

**Mike Zlatic** reported to the club that the board has begun the process of having a new high quality digital file format created for our club logo. The logo will not be changed but the new format will be more suitable for logo reproduction in a variety of forms. The EPS file would make it possible to get door clings and information is being gathered on that. The file can be used in newsletters and for the website and can be email to members in a jpeg file. The new format will be usable by Midwest Monograms, the company that has done most of our club logo embroidery. The phrase “Gateway to Fun” will remain in the logo. Will need to determine a permanent place to keep the logo file.

**Randy Howard** wanted to clarify that the club portion of monthly 50/50 proceeds will be designated for the charity donation and will not be spent on other club activities. This would be in addition to other activities planned by the charity committee. **Charlie Miget** questioned whether this would necessitate a by-laws change. Upon checking, it was determined that the by-laws would need to be changed to allow for this. **Ron Hagenow** said he would publish the proposed change to the by-laws. Per the by-laws, voting on this change would take place at the July meeting.

# NCCC Governor's Report

By Rich Luebcke

I want to thank **Chris Reitz**, our Midwest region secretary, for taking really good minutes. I was back East caring for my Mom, and missed the Governors' meeting held May 6.

In the Midwest Region, our region,

- The region's finances have been audited and are OK.
- The latest treasurer's report shows a balance of \$17152.28.
- The MWR webmaster had been responsible for securing payment from our MWR website sponsors. That task is now in the hands of the region's treasurer, as voted in the May meeting.
- Some clubs are having problems getting membership applications properly completed. Thankfully, and due to the fact that OUR membership chair is on the ball, we do not have problems.
- Discussions around the annual MWR party and the annual MWR Championship Series will be continued at the next meeting. Region subsidies for the party are on the table, and the continued existence of the Championship Series is being debated.
- Clubs are again being asked to support the Hospitality Room for the Governors meetings. I've done it when a member of another club, and we had a good time, meeting people from around the country. I'll talk about it at our next meeting.
- We have 31 clubs with 2225 members, and 530 FCOA members in our region.

Nationally,

- 350 people have signed up for the Convention in Topeka.
- The IRS Audit is coming to a close.
- BlueBars may consider going electronic.
- 60 families have signed up to be included in the NCCC's Family Helping Family directory.

The next Governors Meeting is September 8.

As always, check the NCCC website for interesting discounts available to us. GM, MidAmerica Motorworks, Ecklers, Corvette Central, Corvette America, Zips, Goodyear, Kumho, BridgestoneFirestone, Michelin, and Southern Car Parts all support the NCCC.

#### 50/50 Raffle

Congratulations to **Judy Barron**, winner of \$85 in the raffle. **Ron Hagenow** won a t-shirt in a second drawing. Thanks to **Marty Dooley** for donating the shirt for the raffle.

**Dessert** – Thanks to **Dave and Marya Horstmeyer** providing this month’s cake. **Tom and Sherri Marlo** have volunteered to bring the June cake.

Approximately 50 people attended this evening’s meeting. **Judy Dooley** moved to adjourn the meeting with a second by **Amy Zlatic** and approval by the membership. The next regularly scheduled meeting will be held on Tuesday, June 5 at 7 p.m. at Sunset Hills Banquet Center. Doors will open at 5:30 and buffet will be served for those interested. The June menu will feature barbecue.

Respectfully submitted,

**Mary Ann Hagenow**  
Secretary 2012

## Proposed By-Laws Change

At the May meeting, the proposed annual budget for this year was presented and approved. Contained in this budget was a recommendation that the proceeds from the 50/50 raffle be directed to our charitable activities fund.

However, it was pointed out that in our current by-laws, it states that the proceeds from the 50/50 raffle be directed to our general operating fund. That means we will have to change our by-laws to properly allow the direction of the 50/50 money to the charitable activity fund.

Currently in Article VIII, Section 2: Proceeds from the 50/50 program, it reads “Proceeds of the 50-50 program at the monthly meetings are to be deposited to General Revenue Account.”

**The proposed revision to this Article is:**  
“Proceeds from the 50-50 program at the monthly meeting are to be deposited in the Charitable Activities Account.”

In keeping with our by-laws, this proposed change is printed here and will be read at the June meeting. It will then be voted on at the next (July) meeting. Our by-laws state that any change must be read at one meeting and then voted on at the next meeting.

# VA Hospital Garden

By Marty Dooley

First of all, I would like to let all of our club members know how great the garden area behind Bldg. 52 looks. With the help of some very energetic members, we have transformed a plain, boring area into a lush garden area that veterans staying in building 52 (and their family / friends) are enjoying on a daily basis.

This past spring, we had a group of about 25 show to clean up the area. Weeks later, plants were moved from planter boxes that were falling apart. After that, another group showed up to put in some new trees, bushes, plants and new stone planter boxes. (A little mud was involved). And since then, club members have been stopping by to water these plants and keep the fountains filled.

Whenever anyone stops by this garden to do anything, there is almost always a vet or two that wants to thank us for what we are doing. They thank us for giving them a nice place to go just to get out of the hospital. What we really are doing there is a way to thank them for all they do for us, and our country.

This has been a great effort by our club. Be proud of what we are doing there, and let's keep this going.

and are proud to show it off.

We will meet at **8:30 a.m.** at the upper lot of  
the Schnuck's parking lot at Elm and HWY 44.  
We will line up there and head to the high school.

The parade starts at **10 a.m.** and is about 2 miles long.

The theme is: **Patriotic Webster Groves-Hometown USA.**

So let's wear the **red**, white and **blue**.

After the parade we'll probably head
